Web Page:

I have served on the Board of Education since 2002 and currently serve as Board Chairman. As Chairman, my priority has been to shape the Board into a visible and respected body so we can become more effective in making responsible changes.

I am a strong advocate of our public education system. My wife and I are both proud graduates of Waipahu High School. Our two older sons are also graduates of public schools, and our youngest son is still attending Pearl City High School.

I have been serving my community for many years. I co-founded the Pearl City youth center to keep our youth out of trouble and helped to keep it running on community donations and volunteers for many years. I have also been a member of the Pearl City High School SCBM Council for the last 12 years and serve as president of the Pearl City Foundation and director of the Pearl City Community Association. Past service included Pearl City Highlands Elementary School SCBM Council founding member, Momilani Community Association director and president (10+ years); and Pearl City Neighborhood Board member (11 years).
